

Thursday 4th July at 5pm

Child Criminal Exploitation / County Lines Talks

Would you be able to spot the signs if your child was being criminally exploited?

Come along to a talk from Trident Police to hear how this works

Sessions have been organised by Havering Council's Children Services
In collaboration with the Metropolitan Police

Prevention is always better than cure!

The aim of the sessions are to:

- Support understanding around the signs to look for that could indicate your child is being Criminally Exploited
- Provide understanding around Criminal Exploitation approaches that are used to recruit children and young people into County Lines activity
- Offer you solutions on how you can help your child to avoid the 'very early' recruitment techniques used to coerce them
- Provide an opportunity for you to ask questions

Schools will notify parents / carer's and staff of session dates and times
Any other enquiries please contact ap@havering.gov.uk
