

ABA mission statement.

The Anti-bullying alliance seeks to ensure that the pupils of Abbs Cross can learn, progress and achieve. For this to happen a pupil must feel safe, comfortable and welcome in their learning environment.

We believe that bullying is when a person habitually seeks to harm or intimidate those whom they perceive as vulnerable. It's repetitive negative behaviour towards someone. It's when the person is not in on the joke. Bullying will never be tolerated at Abbs Cross.

Ambassadors are available every lunchtime and the Anti-bullying alliance meets regularly planning events such as assemblies.
